Diagram illustrating a mobile crane system (10) mounted on a mobile platform (14) with wheels (20). The crane boom (48) is extended, lifting a load (18) from a storage container (12). The load (18) is shown in a grid pattern, indicating it is a structured object. The crane is positioned on a surface (20) adjacent to the container (12). The diagram also shows a cross-section of the container (12) with a load (16) being lifted from the bottom (32). The crane is shown in a retracted position, and the load is shown being lowered into the container. The diagram is labeled with various reference numerals: 10, 12, 14, 16, 18, 20, 22, 26, 31, 32, 48, 50, 54, and 10A2.
